UNPACKING INSTRUCTIONS

STEP 1: UNPACK

Remove the semi-compressed Tatami carpet from the box.

STEP 2: UNROLL/ UNFOLD

Carefully cut the securing tapes and allow the carpet to unroll or unfold.

STEP 3:

Remove the plastic bag and allow 2-7 days for the tatami carpet to fully expand. Enjoy!

Creases can be fixed by just letting the fabric rest flat over time OR use a steam iron to fix creases faster.
